INDIAN COMMITTEE FOR TREATMENT AND
RESEARCH IN MULTIPLE SCLEROSIS

Dear Friends and Colleagues,

Greetings from the Neurological Society of Pune and Maharashtra Association of Neurology. We are privileged to host the Annual ICTRIMS Conference in 2020. This is the 6th meeting of ICTRIMS and over the years, it has created a niche for itself in context to Central Demyelinating and Auto-Immune Neurological Diseases.

Neurological society of Pune had the pleasure of arranging IANCON 2011 and STROKECON 2012 which were highly successful meetings attended by Neurologists from all over the country. Our Society is also known for its Bi-Annual "Approach Meets" where we focus on scientific approach to various clinical presentations and bringing clinical research to actual practice. This kind of meeting is very unique and is highly appreciated by our Neurology colleagues.

At ICTRIMS 2020, we plan to keep few sessions with the same pattern with focus on approach to various clinical presentations. The Scientific Program will be very interesting with confirmed participation from eminent speakers from Europe and Japan, who are leaders from their respective fields.

Please mark your dates and don't miss this educational feast!!

We are looking forward to welcoming you all at ICTRIMS 2020!!

About Pune

Pune - Punyanagari, as it is rightly described, is one of the most blessed and outstanding cities of India. It has had the privilege of having been associated with leading saints, scholars, warriors, merchants, traders, diplomats and artists. The city has a glorious medical tradition with 6 Medical Colleges and is a leading Medical Tourism centre of the country.

This land once a part of the Maratha kingdom of Chatrapati Raja Shivaji and later nurtured to its cultural, academic and financial glory by the brilliant and brave Peshwas has inseparable ties with the freedom fight of our nation. Pune currently boasts of being the hub for Education, Automobile and Information Technology industry.

Pune is situated on the banks of the confluence of Mula and Mutha rivers at an altitude of over 1840 ft. above the sea level. Pune is surrounded by many beautiful places of tourist interest. Special site seeing tours, on request, could be organised.

Pune is very well connected by air, rail and road to all parts of our country and has excellent connectivity for travel.

The weather in Pune during June is pleasant and enjoyable and you will experience cascades of showers. We are sure that you will not only enjoy the weather but also our hospitality and camaraderie!!
